

The Radiator Centre

Heat By Design

Description

The Spekkio is the one radiator in our showrooms which is constantly leading customers to ask if it is a radiator at all. Created from highly polished steel over an aluminium base and then surrounded in a classically-style extruded aluminium frame, the Spekkio really does fulfil the role as the ultimate mirrored radiator. And it is not just its reflective qualities that are important to consider. .

Product Specifications

Material	Aluminium Base and Frame with polished mirror steel face.
Standard Colours	RAL9010 White
Bespoke Colours for frame.	Full range of RAL colours and Anodized finishes
Delivery	Please allow 4-6 weeks.

Head Office

The Radiator Centre, 7 Holywell Hill, St Albans, AL1 1EU
