

The Radiator Centre

Heat By Design

Description

The Genius aluminium radiator is a stunning addition to The Radiator Centre's range of aluminium radiators. Incorporating excellent design and technical performance it offers the best of both worlds. Constructed from low profile, flat 80mm panels, the Genius offers great flexibility with regards to size and finish and is guaranteed to prove a focal point in any room in the house. The benefit of aluminium means that they are lightweight compared to conventional radiators and therefore can be mounted onto almost any wall.

Product Specifications
