Essential Curved Towel Rail

Description

The Radiator Centre's Essential Range of towel rails means having a stylish and functional towel rail, without busting the budget. And the Essential Curved is no exception.

This popular variation on the standard steel ladder rail – comes in six sizes and either a white or chrome finish. There is the option to add an electric element to allow use in the summer months.

Fully electric models are also available.

*Please note - chrome finishes produce approximately 30% less heat output than standard white.
