## Poppy Towel Rail

### Description

The Poppy is one of our most popular towel rails. Whilst the white and chrome versions remain perennial favourites, the option of having this radiator finished in a range of RAL colours makes it very much 'on-trend' with bathrooms designers who are looking to inject an element of individuality into their bathroom designs.

The range includes 36 different models, some with immediate delivery. The Poppy can also be made 'dual-fuel', and 'electric-only' versions are also available in white and chrome.
