

The Radiator Centre

Heat By Design

Arco Wall

Description

As the name Arco suggests, this designer radiators projects a subtle curve from the wall bringing a new dimension to any flat wall surface. Created from slim triangular radiant pipes, it is a unique radiator when seen along side the normal round and flat tubes.

Available in six widths the Arco Wall is the idea model to make a impression in, for example the hallway of your home, as this model comes with a extensive list of optional extras including: a hat rack , two depths of handy shelves along with a beautiful towel rail - if you were to site this model in a kitchen or bathroom.
